Parents of all Walnut Grove Elementary Schools,

The Rivermen Hockey Academy was launched this year at both YCMS and REMSS. The program was very successful and on ice testing results showed continuous improvement amongst the players. There has been lots of inquiry and discussion regarding an option to begin the program at younger age groups and to offer the Academy to the Grade 4/5 (Atom) and Grade 6/7 (Pee Wee) elementary schools in the Walnut Grove Elementary Schools.

We need input from the community to determine if this is a viable option? We would be looking at approximately 30 on-ice sessions once per week throughout the school year (September until Spring Break). One day per week would be chosen (ie. Wednesday) and the session would run from 7:30 – 8:30 AM at Sportsplex arena. The elementary school Principals are willing to work with players arriving back to school a few minutes late (ie. 9:00 AM), and a carpool network would be orchestrated so that players could be transported.

Please plan to attend our Open House and Information Evening for more information or if you are interested!

Date: Thursday, April 7

Time: 7:00 PM

Location: Gordon Greenwood Elementary School
