

Are proud to invite you to our

# Inquiry Fair

As we at West Langley pursue our school goal of using inquiry to improve student engagement and learning, we are excited to have an opportunity to share that learning with each other and with you! At Inquiry Fair, you can see some projects that are complete, and some that are underway. You can chat with students about their inspiration, their process, and their products. Hear about successes and about pitfalls.

Check the following dates and times, and see if you can join us. Students will be thrilled to answer your questions about their investigations, experiments or discoveries.

## Wednesday May 18, 2016

- **9:15-10:15** – Divisions 1-4 will have students and their projects out for viewing and conversation. Students will be visiting each other's projects at the same time, so half of the projects will be attended at any given time.
- **10:40-11:50** – Divisions 1-4 will have their projects up, and will be ready to share with primary students and any interested adults. All projects will be attended.
- **2:00-3:00** – ALL divisions in the school will be set up and students will be with their projects. Families are welcome to attend and see projects from **2:00-2:30**, as all students will be in attendance.
- From **2:30-3:00**, students are invited to BRING their families in to see their own work. Students without families attending will be dismissed at 2:30.

## Thursday May 19, 2016

- **8:45-9:45** – Divisions 5-10 will have students and their projects available for viewing and conversation. Intermediate students will be circulating to view at this time. Families are invited to view Division 5-10 projects at this time.
- **10:45-11:50** – Divisions 5-10 will be circulating to see each other's projects. Families are welcome to visit, although not all projects will be attended at all times. If you are looking for a specific student who is not near his or her project, ask and we will arrange a personal interview!
