

PARENTS YOUTH CAREGIVERS

Langley CYMHSU Local Action Team

Fentanyl

What you NEED to know !

Fraser River Presentation Theatre
Township Civic Facility
4th Floor, 20338 - 65 Avenue, Langley

6:00pm-8:00pm

Educate yourself, friends and family on the dangers of Fentanyl, the signs and symptoms and strategies.

Talk about it with your loved ones

Fentanyl

Fentanyl is a strong medicine made from opioids. It's up to 100 times stronger than other opioids like morphine, heroin, or oxycodone.

It is very toxic. A small amount the size of two grains of salt can be deadly

You need to think that all STREET DRUGS are CONTAMINATED with FENTANYL!
