

This Week at WLE – November 4

Information

West Langley had an event filled week last week with photo retakes, parent teacher interim interviews, Halloween, a fantastic Halloween Carnival all followed by a relaxing PJ Spirit Day! It was great to see so many people in the building and I enjoyed meeting more families. Thank you to our students, staff and parents who made the carnival happen and to all our families who supported and attended the event. Thanks to everyone, we raised \$2801.10 to help with the Grade 7 Camp this year!

This week, we shift our attention to Remembrance Day and our Remembrance Day Assembly. Parents and family members are welcome to attend our assembly which will be on November 7 at 10:55am in the school gym.

We have had some questions about classes using Seesaw to visually communicate classroom events. There has been a shift with available software and we are unable to use Seesaw this year. Some teachers are examining another program and some may start using it. Five things to Roar about will return as well and I am just finalizing a slighter different format to communicate the great things happening at West Langley. Please remember "This Week at WLE" will be posted on the website and emailed to families.
